

Contents:

Game board
540 question cards
8 playing pieces
30 'Uncle Sam' cards

The All AMERICAN Trivia Board Game™

Original
EDITION

TO START:

Place the stack of 'Uncle Sam' cards on the 'Uncle Sam' logo on the game board.

Decide what type of game you wish to play - **Regular Play**, **Quick Play**, or **Long Play**.

Each player, or team, must select a playing piece.

Place all the selected playing pieces on the 'START' square.

Decide who goes first.
(we recommend starting with the youngest player, and work clockwise)

How To Play:

Player 1 moves forward one square. Players move forward one square at the beginning of every turn.

Note: moving forward means moving clockwise.

Player 1 is now asked a question from the appropriate category (the category written in the square). If the question is answered correctly, **Player 1** moves forward one square, and is asked another question. It remains **Player 1**'s turn until a question is answered incorrectly, or until an 'Uncle Sam' card ends the turn.

When you land on a 'Free Choice' square, you may select any category you wish.

Move clockwise around the table. Just remember, at the beginning of every turn you move forward one square.

When you land on an 'Uncle Sam' card, select the top card from the pile. Do what the card says, and when done, return the card to the bottom of the pile.

When the 'Uncle Sam' card asks you to answer a question, you may select any category you wish.

The first player to make it back to the 'START' square wins the game.

For **Regular Play** games, players circle the game board twice. For **Quick Play** games, players must circle the game board only once. For **Long Play** games, the winner must circle the game board three times.

Note: In order to win, you must answer a question correctly. You can not win by simply moving forward one square at the beginning of your turn.
