

## WORD MIXERS

### HOW TO PLAY:

1. Determine how many rounds you are going to play. Count off the required number of cards, and return the remaining cards to the box. Grab some pencils and paper too.
2. One player reads the first card aloud, then places it question side up - where all other players can see and read it.
3. Some cards have hints. Cover the hints with a scrap piece of paper.
4. All players work at the same time. The first player to solve the riddle yells "GOT IT" and shares their answer with the other players.
5. This player checks their answer against the back of the card, but does NOT read the answer aloud yet. If the answer is correct, they keep

## WORD MIXERS

the card. If the answer is incorrect, all the remaining players continue to try and solve the riddle.

6. If all players agree, reveal a hint. Reveal each hint one at a time, letting players attempt to solve the riddle before moving on to the next hint.
7. Play each card until the correct answer is found, or until all players have given up! If the correct answer is not found, nobody keeps the card – discard it to the side.
8. When all the cards are gone, the player with the most cards is the winner.
