MUSIC

TV

SPORTS

CULTURE

## Rules

Place the cards face down on the table. On a blank piece of paper, write each of the players' initials down one side, and the categories across the top.

The oldest player is the first to receive a question. He or she chooses any of the five categories, and the question is asked by the person on the player's right. If the question is answered correctly, put a check mark in the appropriate category column.

The card is then placed at the bottom of the deck, and

play continues in a clockwise direction (even if the question is answered correctly). The game is over when a player has correctly answered two questions in each category.

### Alternate Play 1

For a faster game, play until one player has correctly answered ONE question in each category.

### Alternate Play 2

When players answer a question correctly, they keep the card. The player with the most cards at the end wins.
