

Igloo Mania™

Set up:

Adult supervision is required. Remove all ties from the insert card & keep the insert card for storage purposes - see 'Storage'.

Each block is numbered inside. Apply the relevant numbered sticker to the **CENTRE RECESS** on top of the block, exactly as shown.

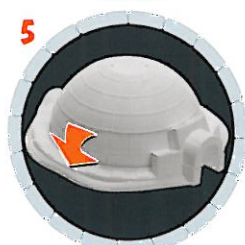

Follow the same process - matching the numbers on the stickers to their blocks (1-5). Important; apply the number 6 stickers **INSIDE** the number 6 blocks.

Apply the Parka Pete stickers to each side of the Parka Pete playing piece, and the coloured penguin stickers to each side of the ice picks.

Join the two parts of the inner support dome together.

Place the igloo base ring with door on the assembled support dome.

Position the first row of blocks, numbered 1, on top of the base ring. Make sure the blocks are the correct way up, with the sticker on the top.

Position each additional row of blocks on top of the previous row in numerical sequence from 2 to 6, as shown.

Push Parka Pete into the final block and place on top, to complete the igloo.

Hold the igloo door and carefully lift the assembled igloo off the support dome.

Now you're ready to play!

Storage:

Important: Keep the insert card for storage. Use it to seal the hole in the front of the box (as shown) when packing all the pieces away after the game.

Rules:

- 1 The aim is to have the fewest blocks at the end of the game without making Parka Pete fall. Each player in turn uses their ice pick to remove a block.

- 2 Players do not have to take the first block they touch, but they must take at least one block per turn. If it drops off their ice pick, they must take another.
- 3 During a turn, any blocks that fall outside of the igloo must be taken by that player.
- 4 If any blocks fall inside the igloo, they must be left until the end of the game.
- 5 The player who causes Parka Pete to tumble, collects all of the unclaimed fallen blocks.
- 6 Players count their blocks and the player with the fewest blocks is the winner*.

* In the event of a tie, players add up the numbers shown on their blocks. The player with the highest points total is the winner.)

Rules for younger penguins:

Set up the game as explained (Pictures 1-7). However, do not lift the igloo off the support dome (Picture 8). Keep it in place, underneath the igloo, as you play the game.

The aim is to be the player with the lowest points when Parka Pete rolls off the igloo. Each player in turn uses their ice pick to remove a block.

TIP: Take the biggest block available.

During a turn, any blocks that fall outside of the igloo must be taken by that player.

Whoever makes Parka Pete fall, automatically loses & everyone else adds up the numbers on their blocks.

The player with the lowest score is the winner.
