

MINDTRAP[®]

HOW TO PLAY:

1. Each card has two questions. Before you start, decide if you are playing Question A or Question B. Only use questions from this group for the remainder of the game (next time you play, switch to the other group of questions to keep things fresh).
2. Shuffle the deck and place all the cards in a pile, question-side up.
3. Player 1 takes the top card (without letting anyone see the answer side) and asks the player on his/her left the question (Player 2). If the question is answered correctly,

Player 2 wins the card. If not, Player 1 reads the answer aloud and puts the card into a discard pile.

4. Player 2 now takes the top card from the pile and asks the next player a question.
5. Play continues in a clockwise direction until all cards have been asked. The player with the most cards at the end of the game is the winner.

OPTIONAL SHORT PLAY:

Rather than playing all 54 cards, decide before beginning how many rounds you want to play.
