

HOW TO PLAY

**OBJECT OF THE
GAME IS TO BE
THE FIRST PLAYER
TO ANSWER TWO
QUESTIONS IN
EACH OF THE FOUR
CATEGORIES**

Place the cards face down on the table. On a blank piece of paper, write each of the players' initials down one side, and the categories across the top. Simply put a check mark in the appropriate column when a question is answered correctly from each category.

The oldest player is the first to receive a question and he/she selects any of the four categories. The question is asked by the person on the player's right. The card is then placed at the bottom of the deck.

Play then continues in a clockwise direction (*even if the question is answered correctly*). The game is over when a player has correctly answered two questions in each category.

For a faster game, simply play until one player has correctly answered ONE question in each category.
