

INSTRUCTIONS

SERIES B

Each card has four questions:

ROOKIE LEAGUE

easier questions that are perfect for young fans

TRIPLE A

more interesting, but still shouldn't stump true baseball fans

MAJOR LEAGUE

these questions are a challenge, even for baseball fanatics

HALL OF FAME

you will need to be a true baseball guru to answer these ones

Warning: The rules of Ultimate Baseball Trivia are very complicated, so read carefully...

1. start with the easiest question, and work your way down the card
2. read the question – either to yourself if you are playing alone, or out loud if you are playing with someone else
3. try to answer the question correctly, without using the Internet
4. if you answer correctly, pat yourself on the back
5. if you answer incorrectly, try to make up an excuse to justify your lack of baseball knowledge
6. when you are done the card, move to the next card – if you are playing with someone else, try switching up who is asking the questions and who is answering
7. keep playing until you want to stop
